

IMPORTANT NOTE To All Area Hockey Coaches, Parents and Players:

The Indiana World Skating Academy (IWSA) is hoping to again offer the All Seasons Hockey School for Youths (Mite, Squirt, Peewees) in the spring, fall and summer of 2012. Due to limited ice availability and scheduling conflicts, regrettably, we were not able to offer this popular program during the fall – winter sessions of 2011-2012.

We realize that this has been a disappointment to many of you. Rest assured, we are working diligently to again offer this program to area hockey youths. Please check out our website at www.iwsa.org (see hockey tab) as we keep the site up to date and will announce our programs on the web as well as this bulletin board.

We appreciate the desire for many area coaches to have their players provided with the opportunity to sharpen their hockey skating skills and keep the ice under their feet during the summer months when they don't have the added pressure of hockey games and tournaments. The school programs we offer will continue to provide players with exceptional instruction for the development of on ice hockey technical skills excellence.
